

New OUE SKYSPACE

With Lunch on Own at Clifton's

Clifton's

Explore the new Clifton's after a 5 year, \$10 million renovation for a nostalgic cafeteria luncheon. California's lone survivor from the Golden Age of Cafeterias once again redefines the dining experience. Enter the "Cabinet of Curiosities" and celebrate California's diverse natural and cultural legacy within the legendary forest themed environment. Since 1932 Clifton's brings history to life with unique environments housed within the legendary eatery, each celebrating the natural wonder and extraordinary diversity of California, it builds upon the inspiration of the original Clifton's legacy of social commitment, education, and innovation. Clifton's is a must-see destination that attracts millions of guests from across the globe. Lunch is own your own as passengers choose from the wide variety of hot entrees, sandwiches, salads, daily specials and handmade desserts.

The new **OUE Skyspace LA** is home to California's tallest open-air observation deck located atop of the US Bank Building. Visitors will experience the California sunshine like never before, perched nearly 1,000 feet above downtown and boasting unmatched 360-degree views from the Pacific Ocean to Hollywood and beyond. The Digital Interactive Level features a variety of elements for a dynamic technology experience including the *Digital Topography Wall* of Los Angeles highlighting landmarks, neighborhoods, and other points of interest. *The Infinity Mirror* creates reflections upon reflections, to the *Silhouette Wall* which uses pixels to create reflective images based on body movement, these exhibits were specifically designed for OUE Skyspace LA for a dynamic experience to enjoy again and again.
